**HAVE SPIRIT, WILL TRAVEL**

**Experiential cocktails to #KeepYourMindTravelling**

With New Year celebrations likely to be a low-key affair for many, we're thrilled to help bring some celebratory cheer into your home. Please accept this little gift from all of us at **OutThere**: our special-edition, cocktail compendium, showcasing 45 signature recipes – as well as personal New Year's greetings – from the world's most OutThere hotels, resorts, experiences and destinations. We sweet-talked some fabulous folk into handing over their creative drink recipes – and curated them to showcase the very tastiest – so to quench your wanderlusts and #KeepYourMindTravelling until the time comes for you to head out into the world again, to try them for real.

It's been quite a year for us all, so we hope that like us, you're inspired to serve these up as you celebrate, so we can see-off 2020 in style and toast what lies ahead with gusto. And while you're having fun in your at-home bar, why not share your creations with us at [@outtheremag](#) with the hashtags #havespiritwilltravel and #keepyourmindtravelling.

All there's left to say is a great big thank you for being so OutThere this year. Here's to the fabulous, experiential journeys that lie ahead!
